ACKNOWLEDGEMENT

Foremost, I thank the Almighty for showering his blessings upon me. This research would not have been possible without his grace. Every project big or small is successful largely due to the effort of a number of wonderful people who have always given their valuable advice or lent a helping hand. I sincerely appreciate the inspiration; support and guidance of all those people who have been instrumental in making this project a success.

I wish to express a sense of gratitude towards my beloved parents, my siblings for their encouragement, constant help and support throughout.

I would like to express my deep regards to **Dr. Hemlata Bagla**, Principal of K. C. College for providing me with the facilities of the institution.

Similarly, I thank our Vice Principle **Dr. Shalini Sinha**, Head of the Department of Computer Science for being a constant source of inspiration and making all the necessary facilities available to me during my project formation.

With immense gratitude, I would like to give a very special honour and respect to my mentor **Mrs. Shalini Maheshgauri** who took keen interest in checking the minute details of the project work and guided us throughout the same. Her continuous support, patience, motivation, enthusiasm and immense knowledge not only helped in making my efforts fruitful but also transformed the whole process of learning and implementation into an enjoyable experience.

I am also pleased to thank other project guides and teachers, **Ms. Geeta Brijwani**, **Mrs. Vimala Rani R** and **Mr. Maunash Jani** for their guidance and constant supervision as well as for providing necessary information regarding the project and also for their support in completing the project.

I am thankful to all the non-teaching staff of the computer science department for being so accommodating and co-operative all through.

Last but not the least, I wish express my gratitude to my friends for their constant encouragement, support and for assisting me with their inputs.
